Day One Reflection

What are your *personal goals* for this Institute?

Please rank the following aspects and attributes of today's work.

	1 = Excellent	2 = Good	3 = Average	4 = Fair	5 = Poor
Institute Introduction, Overview					
Investigating On-line Resources					
Elements of Good Curriculum Planning					
Project Time					
WebQuests - Part I					
Food					
General arrangements, logistics					
Sun Associates facilitators					

What did you learn today increased your existing understanding of technology integration, teaching, and curriculum?

What was your personal highlight for today?

What would you want to improve from today, for tomorrow?

Day Two Reflection

Based on your experiences today, what is your prognosis for the continued success of your project? Why?

Please rank the following aspects and attributes of today's work.

	1 = Excellent	2 = Good	3 = Average	4 = Fair	5 = Poor
WebQuests - Part II					
Creating Multimedia Projects					
Project Time Check-up					
Creating WebPages					
Project Time					
Food					
General arrangements, logistics					
Sun Associates facilitators					

What was your personal highlight for today?

What was your personal low-point for today?

Was your "room for improvement" item (from yesterday) addressed today? How?

Final Evaluation

In what ways has this increased your understanding of how technology improves student learning?

Reflecting upon all that you have done over the past two-and-a-half days, what has been the highlight of your experience?

In what ways could this Institute have been improved, or been structured so that it helped you better achieve your goals?

What sort of follow-up activities would be most beneficial to your continued learning in technology and curriculum integration?
